

## Dear Customers and Partners,

Titan Machinery Ukraine expresses the highest respect and support to you at this difficult time for whole Ukraine. We strongly condemn the aggression by the Russian Federation on the territory of Ukraine. The company helps to all employees and their families who are in the danger zone, providing the opportunity for evacuation by company vehicles and, in some cases, special financial support.

The management of Titan understand that in a state of martial law the country needs even greater cohesion, concentration and involvement of all production facilities and, first of all, ensuring the preparation of agricultural machinery for the season of spring field work. We need to go into the field soon, so the machinery must be ready! We understand the importance of our coordinated daily work, and this is our common contribution to maintaining the stability of the country.

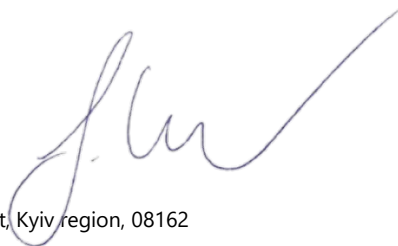

We officially announce that Titan Machinery Ukraine continues to support farmers in preparing for the nearest seeding season: providing service and spare parts supplying in locations where there is no danger for life and health of our employees and Customers.

We had to temporarily shut down our online spare parts shop to prevent the harmful effects from numerous of cyber attacks on our server.

To order spare parts and service, please contact our specialists in the locations of Western and Central regions of Ukraine.
